

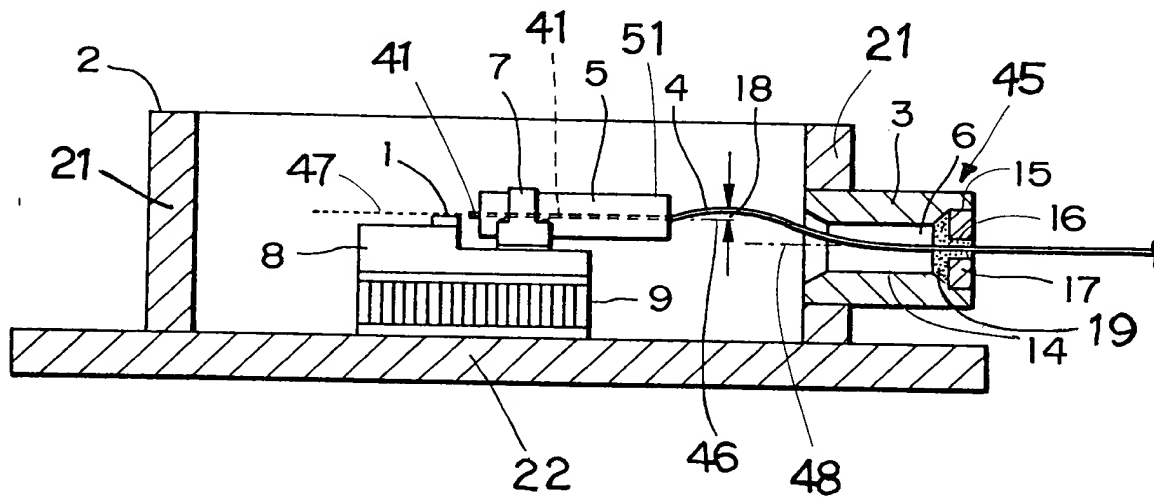

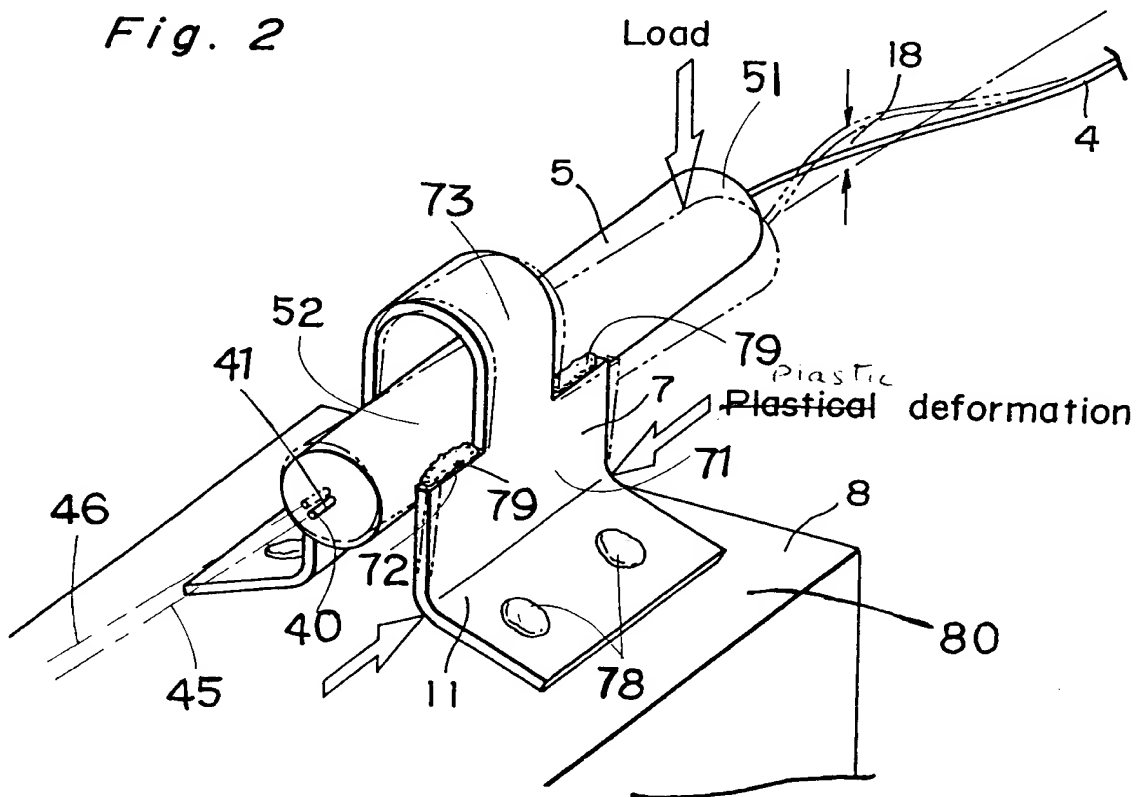

*Fig. 1*

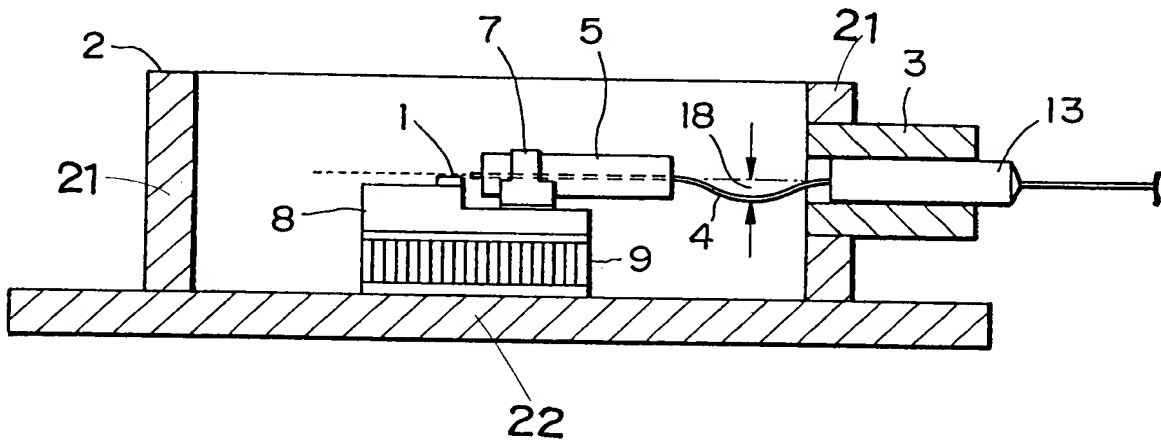

*Fig. 2*

*Fig. 6*

Fig. 6 is a perspective view of a mechanical assembly. A cylindrical component (5) is mounted on a base plate (8) via a bracket (7). A rod (4) passes through the cylinder. A circular component (12) is also mounted on the base plate. The base plate (8) has four circular mounting holes. The bracket (7) has two circular mounting holes. The rod (4) is secured by a nut and washer (11) on the base plate. A label '11' points to the nut and washer, and another '11' points to the base plate.
